2-liter Foam Dispensing System

As the pioneers of foam soap dispensing technology, Deb has enjoyed leading the movement from traditional liquid soaps to user-preferred foaming soaps. Our patented 1-liter sealed cartridge and dispenser set the standard by which all other systems have been created.

Having placed millions of our 1-liter system in all types of end user facilities, we understand that there are times when a larger capacity system is preferred. For those applications, our 2-liter foam dispensing system is the ideal solution.

With the same worry free guaranteed performance of our 1-liter system, our new larger size has been specifically designed for high traffic, high usage areas.

Ideal for airports, sports venues, college campuses, convention centers, food manufacturing facilities, theme parks and anywhere a larger dispenser capacity is preferred.

Lower cost-in-use

ADA Compliant one-hand operation

Convenient two 2-liter cartridges per case

Save money!

- Lower cost-in-use than competitive 2-liter foam soap systems
- Fewer cartridge changes result in lower labor costs
- Less waste

Up to 2,800
washes per
cartridge

Make It Your Own

Let us design a custom dispenser that is unique to you. Our in-house designers will work with you to create a Deb dispenser that is so much more than a soap cabinet. From corporate identity to logos, mascots, instructions or eye catching photographic quality images, it's your choice. Our exclusive process produces dispensers with permanent decorations that are chemical and fade resistant and will last for the life of the dispenser. Contact us at 1-800-248-7190.

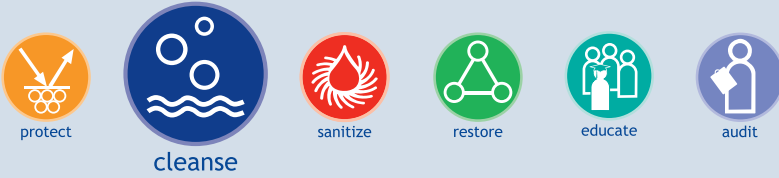

Reduced Environmental Impact

- Three registered GS-41 Green Seal Certified formulas
- 100% recyclable cartridges and dispensing valves
- Water conservation – using foam soap has been shown to require less water than traditional liquid soap.
- Larger size means fewer cartridges and therefore less packaging consumed.

Like the look of our new 2-liter foam dispenser and want to expand the look to other 2-liter Deb products?

The Deb Dispenser Design team anticipated this and made the new 2-liter foam dispenser cover interchangeable for use with either the foam dispensing system or liquid dispensing system. Contact your Deb representative to request custom liquid dispensers fitted with the new curve style cover.

NOTE: Traditional liquid soap cartridges will not dispense in the 2-liter foam dispenser and 2-liter foam soap cartridges will not dispense in the traditional 2-liter liquid dispenser.
