## Directions for use:

**Dry** - use dry for best dusting results.

**Wet** - for cleaning, lightly dampen

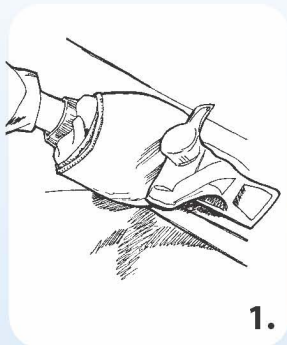

**Grip-N-Flip** or surface with plain water and wipe.

# Grip-n-Flip™

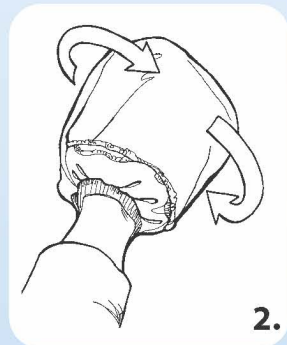

patent pending

## Grip-N-Flip Microfiber Mitt Applications:

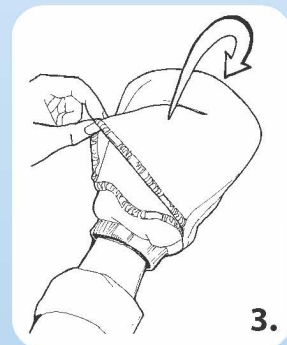

- Glass/Mirrors
- Stainless Steel
- Restroom Fixtures
- Wood Furniture
- Polished Surfaces
- Appliances

1. Clean or dust any surface.

2. When mitt is soiled, rotate to the other side.

3. When both sides are soiled, flip to new clean layer.

4. Now you're ready to clean again!

*The new Grip-N-Flip Microfiber Mitt from O'Dell can help you combine microfiber performance with convenience. Layered microfiber gives the Grip-N-Flip Mitt ease of use far superior to any microfiber cleaning cloth in the industry.*

*Ordinary microfiber mitts have just two cleaning faces. Microfiber cloths have more surface area than mitts, but can contaminate the clean area due to unfolding and bunching.*

microfiber cloth

*Grip-N-Flip Microfiber Mitts combine the surface area of a cloth with the easy utility of a mitt!*

microfiber mitt

**Try the  
Grip-N-Flip Mitt -  
it cleans more places  
with  
10 clean faces!**

ITEM #	DESCRIPTION	CASE PACK	CASE CUBE	WT LBS
MFGF100-B	Microfiber General Purpose Mitt, Blue	12	0.28	2.18
MFGF100-G	Microfiber General Purpose Mitt, Green	12	0.28	2.18
