

The Professional's Edge Since 1936

# CLEAN UP.

**W**ith MicroSwipe™ cleaning has never been easier. Advanced microfiber technology combines friction, static electricity and capillary action to absorb and remove micro-particles, dirt, oils and moisture.

Split, microscopic strands lift and hold all types of dirt and grime until washed, so dirt won't spread to other surfaces. Dozens of uses wet or dry, this miracle cloth makes all others obsolete.

## The Ultimate Cleaning Cloth

### Ideal for Window Cleaning

Use damp to remove dirt and grease on window frames and other surfaces. Use dry to spot clean streaks or fingerprints on glass and mirrors.

### Cleans Faster with Less Effort

Cleans with only one or two swipes. Attracts and holds particles like a magnet.

### Extra Large Super Absorbent

Giant 16" x 20" cloth holds up to 6 times its weight in water.

### Economical

Lasts longer than ordinary cleaning cloths—may be washed up to 501 times.

### Environmentally Friendly

Cleans effectively with little or no chemicals.
